I'm Faizan Hassan, a first-year B-Tech (CSE) student passionate about programming and deep learning AI models. Committed to continuous learning, I eagerly embrace new skills and opportunities for growth. With a collaborative nature, I thrive in team environments, contributing effectively to achieve common goals.

WORK EXPERIENCE

2022-2024

Working with Diplomacia

Diplomacia, a society at IIT Madras dedicated to organizing Model United Nations (MUN) conferences, where I serve as a WEB DEVELOPER in its tech team.

2019-2020

Grocery Delivery Platform

At the age of 16, I established GroceBin, a grocery delivery service, where I gained valuable experience in team management and customer relations.
